

VERBENA PLANT NAMED 'SUNMARIBAGADI'

5

ABSTRACT OF THE DISCLOSURE

Disclosed herein is a new and distinct variety of
Verbena plant having a decumbent growth habit. The
10 Verbena plant has abundant branching, the whole plant
remaining in bloom for a considerable period of time. The
flowers are formed in profusion in a cluster and the
petals display a dark purplish red color. The blooming
period is from April to November, and the flowering
15 duration is long. The plant exhibits high tolerance to
heat, and high resistance to rain, pests and disease,
particularly powdery mildew.
